

Comparison of Managed Care Options in 2018 and 2023

Read this Table from left to right. It lists the ACOs in a Partnership plan separately to better track their movement between 2018 and 2023. Reading across the row from 2018 to 2023 will show where the 2018 ACO is in 2023. It groups the Partnership Plans of each HMO together, but sometimes duplicates information to show ACO movement
