

ConnectorCare Plans: A new way to help you pay for health insurance

The Massachusetts Health Connector is a great place to find high-quality, affordable health and dental plans for you and your family. You may be able to get help paying for your health insurance if you qualify for a ConnectorCare plan through the Health Connector. ConnectorCare plans have lower monthly premiums and lower out-of-pocket costs, with no deductibles. They are most similar to the Commonwealth Care plans that were formerly offered through the Health Connector.

WHO CAN QUALIFY FOR A CONNECTORCARE PLAN?

Individuals or families living in Massachusetts with incomes at or below 300% of the Federal Poverty Level (FPL) may qualify for ConnectorCare. If you and your family qualify, your Plan Type will depend on your household income. Check out the table below for more information. Those with incomes above 300% FPL cannot qualify for a ConnectorCare plan, but may qualify for tax credits that help to lower the cost of insurance. If you aren't sure whether you qualify for help paying for insurance, you can enter some information on MAhealthconnector.org to see if you qualify.

Based on where you live, you may be able to choose from plans offered by the following insurers: Boston Medical Center HealthNet Plan, CeltiCare Health, Fallon Health, Health New England, Minuteman Health, Neighborhood Health Plan, and Tufts Health Plan - Network Health.

These health plans offer the same core set of services but may have different doctors or hospitals in their provider networks. Be sure to check out each plan in your area to see if your doctor or hospital is in the network.

In addition to income eligibility, ConnectorCare members must:

- Live in Massachusetts
- Be a US Citizen, National, or immigrant that is lawfully present in the United States
- Not qualify to enroll in an employer's affordable, comprehensive health insurance
- Not be in jail
- Not qualify for Medicare, MassHealth (Medicaid) or other public health insurance programs

For each additional person in the household, add \$12,180
