Important message about Commonwealth Care and Aliens with Special Status (AWSS)

Changes to Commonwealth Care that would impact members categorized as Aliens with Special Status (AWSS), are pending a decision by the Legislature. Until then, AWSS are still eligible for Commonwealth Care. If their Commonwealth Care eligibility status changes, they will be notified by MassHealth before any change takes effect. MassHealth will also notify those members if they are eligible for another program besides Commonwealth Care. Please encourage members to update MassHealth if they have any changes that may impact their eligibility for any state sponsored programs.
