The U.S. House of Representatives recently passed a [budget resolution](#) that calls for the committee that oversees health care to make \$880 billion cuts. Medicaid is most at risk. But this is just the beginning of the process. The Senate must agree to the budget proposal, committees need to work out the details of the cuts and both chambers must pass them. At each step, we have an opportunity to oppose these cuts and make it clear to Members of Congress what ripping health care away from millions of Americans would mean.

We are fortunate that the Massachusetts Congressional delegation has stood up against Medicaid cuts to pay for tax cuts for the wealthy. While it's important to continue to support them in this fight, we can also play a role in helping to move Members of Congress representing districts in other states.

Please ask your friends and family who live in [key districts](#) to contact their Members of Congress!

Key districts are located in the following states: Alaska, Arizona, California, Florida, Idaho, Iowa, Maine, Michigan, Montana, Nebraska, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Texas, Utah, Virginia, West Virginia, Washington and Wisconsin.

Tell your friends and family [what is at stake](#).

Ask them to [email](#) or call (866-426-2631) their Members of Congress and urge them to protect Medicaid.
