Field Operations Memo 2005-1A
April 15, 2005

To: Transitional Assistance Office Staff
From: Cescia Derderian, Assistant Commissioner for Field Operations
Re: Child Care Referral Notice

Overview
This memo is issuing changes to Field Operations Memo 2005-1. Some instructions contained in that memo have been changed and the Child Care Referral notice (system-generated and paper version) will be modified. BEACON Increment 2.1.14 will have the modified Child Care Referral notice (Attachment A).

The entire Field Operations Memo 2005-1 is being reissued because the following sections have been revised:

- The CCR&R tells the recipient how many hours of child care will be authorized;
- The CCR&R will not return the Child Care Referral form when the recipient accepts the child care placement;
- Clarifications to the Refusing Child Care Referrals section; and
- Both the system-generated and paper version of the Child Care Referral notice have been slightly changed.

The Child Care Referral notice (formerly called a Child Care Authorization) is a system-generated document used by a recipient to secure child care services through the Child Care Resource and Referral Agency (CCR&R). There is also a paper version (BEA/CCA) for use when the system-generated document is unavailable or inappropriate, such as child care for EA homeless families. BEACON Increment 2.1.13 contained the revised Child Care Referral notice.
Background

Refer to Field Operations Memo 2004-28 for procedures related to creating or modifying a Child Care Referral notice. Before proceeding to the Child Care Authorization window, the AU Manager must:

- Ensure the activity(ies) shows on the ESP Activity Disposition window as accepted; and
- Ensure the scheduled hours for the activity are entered on the ESP Activity Attendance Plan window.

The data from these windows are used to populate the Activity Weekly Plan section on the Authorization window. When inaccurate data is entered on the ESP Activity Disposition and/or ESP Activity Attendance Plan windows, inaccurate data will be prepopulated in the Activity Weekly Plan on the Authorization window.

Revisions to Child Care Referral Form

This Field Operations Memo addresses the changes to the referral notice. The changes include:

- Increasing the system-generated child care referral notice from a one-page document to a three-page document (Attachment A). Certain identifying information will be repeated on each page. The fax number for the TAO has also been added to ensure easy replies from the CCR&R;
- Describing the form as a referral to the CCR&R and not an authorization;
- Stating the recipient has 10 days to report changes in income or component activity;
- Restating that the Total Hours appearing on the notice does not include travel time to and from the activity. Many child care vendors provide van service for the child. Only when the child care vendor does not provide the transportation for the child will the CCR&R add extra hours to the Total Hours for the recipient;

**IMPORTANT:** Do not estimate for recipients how many child care hours they will receive. Only the CCR&R should provide this information to recipients.

- Stating the recipient’s rights to a hearing:
  - with a DTA hearing officer if there is a disagreement with the information on the child care referral; or
  - with an Office of Child Care Services (OCCS) hearing officer if there is a disagreement with an action taken by the CCR&R or the child care provider; and
Revisions to Child Care Referral Form

- adding a section to the bottom of the notice, *Response from CCR&R to DTA*, for the CCR&R to use only to notify the AU Manager when child care is not appropriate, available or if the recipient refused all child care referrals. The CCR&R must fax either this response page or the entire notice to the AU Manager. The CCR&R will sign and check off the appropriate box with the outcome of the referral, whether:
  - the recipient refused all child care referrals; or
  - child care was not appropriate or available.

Refusing Child Care Referrals

The CCR&R provides names of child care providers for the recipient to consider and observe before accepting the child care provider. Each child care provider, licensed by OCCS, is generally considered an appropriate resource for recipients who need child care. The CCR&R counselors assist recipients in making informed decisions regarding the child care search by assessing the families’ needs and reviewing available child care options. The CCR&R makes referrals only to appropriate, licensed child care providers and discuss licensed-exempt options, such as in-home and relative care. If the recipient refuses all referrals made by the CCR&R, the recipient shall be deemed to have been offered appropriate and available child care, unless the recipient can provide a reasonable explanation to OCCS why the child care should be considered unavailable to or inappropriate for the particular family.

Obsolete Forms

The paper *Child Care Authorization*, BEA/CCA Rev. 1/2005 is obsolete. See the revised two-page paper *Child Care Authorization*, BEA/CCA Rev. 4/2005 (Attachment B) that is used when the system-generated document is unavailable or inappropriate, such as child care for EA homeless families.

Obsolete Material

Field Operations Memo 2005-1 is obsolete.

Reminder

106 CMR 207.210(A)(2)

The referral for child care services may be issued two weeks prior to the start of an activity. The CCR&R, however, will determine when it is appropriate to authorize such services. Child care services may continue for a period of up to one month if the child care arrangements would be lost and a subsequent component activity or the resumption of the current activity is scheduled to begin within the month.

Questions
