Add the fetus to the family size of pregnant women in MassHealth, Children's Medical Security Program (CMSP) & Health Safety Net. For people under 65 in MassHealth, CMSP & Health Safety Net (HSN), eligibility is based on current monthly Modified Adjusted Gross Income (MAGI); income standards shown include 5% of poverty level income deduction. Annual amounts for Seniors reflect monthly rounding multiplied by 12. For Seniors, eligibility is based on countable monthly income after deductions including a \$20 per month standard deduction, and there is an asset test; the 5% MAGI deduction does not apply. The Senior deductible income standard is \$522 per mo. for an individual; \$650 per mo. for a couple. The income standard for an institutionalized individual is \$72.80 per month.

Prepared by the Massachusetts Law Reform Institute, November 2013

MassHealth & Other Health Program Upper Income Levels, January 1, 2014 to Feb. 28, 2014

For ConnectorCare & Qualified Health Plans with Premium Tax Credits eligibility is based on expected annual MAGI income with no 5% of poverty level income deduction.

Children with income over 400% of the poverty level can buy-in to the Children's Medical Security Program (CMSP) at full cost. There is no income upper limit or deductible for disabled children or disabled working adults in CommonHealth.

The upper income level for PACE and other home & community based waiver programs is \$2130 monthly in 2013.

The 2013 poverty levels were published in the Jan. 24, 2013 Federal Register, 78 Fed. Reg. 5182.

The 2014 poverty levels will be published in Jan. 2014 ; effective in MassHealth on March 1, 2014.
