For people under 65 in MassHealth, Children's Medical Security Plan (CMSP) & Health Safety Net (HSN), eligibility is based on current monthly Modified Adjusted Gross Income (MAGI); programs that use the new 5% of poverty level income deduction are shown in this table as 5% FPL higher e.g. the 133% standard is shown as 138% .

Monthly amounts are based on the Office of Medicaid 2017 Desk Guide; weekly amounts were calculated by dividing monthly amounts by 4.333. Add the fetus to the family size of pregnant women in MassHealth & HSN.

For Seniors, eligibility is based on countable monthly income after deductions and there is an asset test, and the \$20 per monthly standard disregard is added to the 100% FPL standard in this table; the 5% MAGI deduction does not apply. The Senior deductible income standard is \$522 per mo. for an individual;\$650 per mo. for a couple. The income standard for an institutionalized individual is \$72.80 per month.
