MassHealth's Desk Guide shows figures rounded up to next dollar with a note that figures may not reflect figures used in program determinations.

MAGI determinations are rounded to two decimal places as shown in this table. We divided monthly figures by 4.333 for the weekly column.

See rounding rules at 130 CMR §§ 520.009(B)(non-MAGI) 506.007(C )(MAGI)

For people under 65 in MassHealth, Children's Medical Security Plan (CMSP) & Health Safety Net (HSN), eligibility is based on current monthly Modified Adjusted Gross Income (MAGI) with a 5% of federal poverty level (FPL) income deduction as shown in this table e.g. the 133% upper income standard is shown as 138% of FPL.

Add the fetus to the family size of pregnant women in MassHealth, CMSP & HSN but not for the Connector

For Seniors, eligibility is based on countable monthly income after deductions and there is an asset test.

For Seniors, a \$20 per month standard disregard is added to the 100% FPL standard in this table; the 5% MAGI deduction does not apply.

The Senior deductible income standard is \$522 per mo. for an individual;\$650 per mo. for a couple.

The income standard for an institutionalized individual is \$72.80 per month.
