

PPER Email 2014-10: Transportation Reimbursement Reminder (3/20/2014)

TAO staff is reminded that clients who are meeting the participation hours of an ESP activity (including non-funded ESP activities) or combination of activities are eligible for a maximum Transportation reimbursement of \$40 per month. This is an important benefit to ensure client access and participation in ESP activities and in transitioning to self-sufficiency.

See 106 CMR 207.210 (B) for eligible ESP activities.
