

# **MASSACHUSETTS REHABILITATION COMMISSION**

## **Language Access Plan**

### **I. INTRODUCTION**

The Massachusetts Rehabilitation Commission (MRC or the Agency) has prepared this Language Access Plan (LAP or Plan), which defines the actions it will take to ensure meaningful access to agency services, programs and activities on the part of people who have limited English proficiency. The Agency will review and update this LAP biannually to ensure continued responsiveness to community needs and compliance with Executive Office for Administration and Finance (ANF) Administrative Bulletin 16.

### **II. PURPOSE**

The purpose of this plan is to ensure clients of the Agency have meaningful access to services, programs and activities although they may be limited in their English language proficiency.

The Massachusetts Rehabilitation Commission is committed to this Language Access Plan as the appropriate response to meeting our clients' needs. The Plan is consistent with the requirements of Administrative Bulletin 16 as promulgated by the Executive Office of Administration and Finance.

Consistent with ANF Administrative Bulletin 16, Limited English Proficient (LEP) people are those unable to speak, read, write or understand the English language at a level that allows them to interact effectively with Agency staff. Clients maintain the right to self-identify as a LEP person.

### **III. AGENCY DESCRIPTION**

The Massachusetts Rehabilitation Commission promotes equality, empowerment and productive independence of individuals with disabilities. These goals are achieved through enhancing and encouraging personal choice and competencies in the pursuit of independence and employment in the community.

The MRC provides comprehensive services to people with disabilities that maximize their quality of life and economic self sufficiency in the community.

The MRC has three primary goals as follows:

- Increase community based alternatives to institutional living for people with disabilities through the provision of Community Living Services;
- Increase the economic self sufficiency of people with disabilities through the provision of Vocational Rehabilitation and Job Placement Services; and,
- Increase the quality and timeliness of the eligibility determinations for SSI and SSDI public benefits.

#### IV. LANGUAGE ACCESS PLAN

The Massachusetts Rehabilitation Commission's Language Access Plan shall be fully implemented subject to the availability of fiscal resources to implement said language access plan. This Language Access Plan has been developed to adhere to the Language Access Guidelines of ANF Administrative Bulletin 16. This Language Access Plan represents the Agency's administrative blueprint to provide meaningful access to Agency services, programs and activities on the part of LEP individuals. This Language Access Plan outlines the tasks the Agency will undertake to meet this objective.

##### 1. Agency Language Access Coordinator:

Mary F. Connelly, J.D., Director of Diversity/ADA Coordinator/Human Resources Liaison, Massachusetts Rehabilitation Commission, 600 Washington Street, Second Floor, Boston, MA 02111, Telephone: 617-204-3736, [Mary.Connelly@mrc.state.ma.us](mailto:Mary.Connelly@mrc.state.ma.us).

##### 2. Agency Language Access Needs Assessment:

In determining language access needs, the MRC utilizes input from the State Rehabilitation Council's Underserved Population Committee, its Diversity Committee, its Bilingual Counselors Group, Area Directors, Community Living program staff, Advisory Councils and other stakeholders to ensure it has the resources to serve all populations equitably and fairly. The Agency also relies on the chart below showing the American Community Survey's percentage of languages other than English statewide and by county in Massachusetts.

**Table 1: Percentage of Languages other than English Spoken in MA**

Prevalance of Languages Other than English Spoken at Home Statewide and by County, American Community Survey												
Location	Spanish	French/Creole	German	Slavic	Portuguese	Russian	Khmer	Other European	Korean	Chinese	Vietnames e	Other Asian
<b>Massachusetts (Statewide)</b>	<b>7.7%</b>	<b>2.0%</b>	<b>0.4%</b>	<b>1.1%</b>	<b>3.5%</b>	<b>0.6%</b>	<b>0.4%</b>	<b>5.5%</b>	<b>0.2%</b>	<b>1.6%</b>	<b>0.6%</b>	<b>1.1%</b>

- a. The MRC continues to make a concerted effort to hire and maintain bilingual staff. Its good faith is demonstrated by the fact that it routinely exceeds parity for women, minorities and people with disabilities and approximates it for Vietnam Era Veterans who are aging out of the workforce. As of 12/29/12,

	<u>Commonwealth</u>	<u>Agency</u>
Minorities	10.40 %	26.67%
Female	48.20 %	73.09%
Vietnam Era Veterans	3.50 %	1.98%
People with Disabilities	12.00 %	15.80%

- b. As of the publication of this LAP, languages spoken by staff include:

- Spanish;
- Portuguese;
- Haitian Creole;
- Mandarin;
- Khmer;
- Vietnamese;
- Cantonese;
- Criollo;
- African – Igbo;
- French Creole;
- German; and,
- Russian.

In the MRC's VR Division, bilingual staff is deployed in areas of concentration of specific ethnic populations statewide.

- c. Language Makeup of Client Population:

The above distribution describes the primary languages that make up the languages spoken by MRC consumers.

- d. Points of Contact between Agency and Client Population:

Appendix I lists MRC Vocational Rehabilitation Office locations as of December 2012.

**V. Language Resources Assessment:**

- a. Identification of existing staff who are linguistically, culturally, and technically able to deliver services in a language other than English and/or to serve as interpreters. Appendix II provides the names and titles of bilingual VR staff by location.
  
- b. Use of community-based resources

The MRC partners with community based providers to provide necessary communication services. Our community based providers are encouraged to hire and maintain bilingual staff consistent with community needs. MRC's Disability Determination Services contracts with agencies that provide interpreter services. Such interpreters are utilized in the conduct of consultative examinations for the purpose of disability determinations.

**3. Language Service Protocols:**

- a. Which language services are required to implement the Language Access Plan?

The MRC utilizes bilingual staff within its Vocational Rehabilitation Division and Community Living Divisions. In our DDS Division, the MRC utilizes translation services under the Commonwealth's Master Service Agreement. Interpreters attend medical and psychiatric appointments with Social Security benefit applicants. It is a more impartial methodology than using family members. When interpreter services are not available, family members are used as a last resort. Additionally, in our Head Injury program, the MRC utilizes translation vendors to provide individual translation services and to translate letters and communications as necessary. Finally, our Homemaker Program utilizes Language Line for Telephone Translation, has funding for face to face interpreters as needed and routinely translates its documents into Spanish. Translations into other languages are done as requested.

- b. Define and describe Agency's language access protocols for providing interpretation services.

As stated above, the MRC utilizes bilingual staff within its Vocational Rehabilitation Division and Community Living Divisions. The Vocational Rehabilitation Division maintains a contract for interpreter services. One of the MRC's Area Directors administers it on behalf of the Division. Within the Community Living Division, case management staff identifies the need for bilingual services. If it is not possible to rely on bilingual staff, case management staff arranges for interpreters.

The MRC DDS Division has Spanish interpreters in each office who place special telephone calls as requested by non-Spanish speaking examiners in individual cases. They call to seek descriptions of functional capacity, to clarify work history reports, to remind claimants of scheduled consultative exams or to carry out other tasks requested by such examiners.

Within the MRC DDS, all claimant letters are translated into Spanish and Portuguese. Consultative Exam (C/E) letters are not but they are issued with a multilingual notice (also known as a Babel notice) in English, Albanian, Arabic, Armenian, Spanish, Italian, Haitian Creole, Hindi, French, Portuguese, Vietnamese, Chinese/Laotian, Greek, Cambodian, Polish, Russian, Slovak, Bosnian, Serbo-Croatian, and Tagalong stating “Important! Please have this notice translated immediately.” By the time claimants received such notices, the staff handling their cases have already spoken to them. For clients speaking foreign languages other than Spanish, Language Line is used to call claimants about C/Es. Additionally, face to face interpreters are scheduled for any hearings conducted by the MRC DDS’s hearings officers. The same is true for C/Es.

- c. Define how a client will be able to access and utilize the resources identified in paragraphs (a) and (b).

Such procedures are described in the previous section.

**4. Vital Document Translation:**

The MRC is working with its Diversity Committee, Marketing Committee and Bilingual Counselor Group to identify key brochures that will be translated into specific languages based on need. So far, the recommendation is that materials be translated into Spanish, Portuguese, Mandarin, Chinese, Vietnamese, Khmer, Russian and French Creole.

**5. Stakeholder Consultations:**

The MRC's Plan was coordinated through internal stakeholders as previously described. Additionally, input was received from the State Rehabilitation Council.

**6. Staff Training:**

Training is provided at all new employee training sessions in all divisions of the MRC. Plans will be undertaken to include language access issues at management and supervisory training sessions.

**7. Notice to the Public:**

This revised LAP will be placed on the agency Intranet and Internet Pages.

**8. Agency Monitoring:**

The MRC's Diversity Officer will provide monitoring through the receipt and analysis of reports. She will continue providing regular updates at the Commissioner's Leadership Team meetings.

## 9. Complaints:

An individual may file a complaint with MRC's designated Language Access Coordinator or the Office of Access and Opportunity. Complaints must be filed within six months of the alleged denial and must be in written form. The claim must be submitted to:

Mary F. Connelly, J.D.  
Director of Diversity/ADA Coordinator/Human Resources Liaison  
Massachusetts Rehabilitation Commission  
600 Washington Street, Second Floor  
Boston, MA 02111  
Email Address: [Mary.Connelly@mrc.state.ma.us](mailto:Mary.Connelly@mrc.state.ma.us)

Complaints to the Office of Access and Opportunity may be submitted to:

Ronald Marlow, Director  
Office of Access and Opportunity  
Executive Office of Administration and Finance  
State House, Room 373  
Boston, MA 02133  
[Ronald.Marlow@state.ma.us](mailto:Ronald.Marlow@state.ma.us)

## LANGUAGE ACCESS COMPLAINT PROCEDURE

You may file a complaint with the Agency Language Access Coordinator or the Office of Access and Opportunity if you think you have been denied the benefits of this Plan. You must file your complaint within 6 months of the alleged denial of services. All complaints must be in writing. The contact information for MRC's Language Access Coordinator is:

Mary F. Connelly, J.D.  
Director of Diversity/ADA Coordinator/Human Resources Liaison  
Massachusetts Rehabilitation Commission  
600 Washington Street, Second Floor  
Boston, MA 02111  
[Mary.Connelly@mrc.state.ma.us](mailto:Mary.Connelly@mrc.state.ma.us)

To file a complaint with the Office of Access and Opportunity, please submit the written complaint to the attention of:

Ronald Marlow, Director  
Office of Access and Opportunity  
Executive Office of Administration and Finance  
State House, Room 373  
Boston, MA 02133  
Email Address: [Ronald.Marlow@state.ma.us](mailto:Ronald.Marlow@state.ma.us)
